

E-Z-GO® RXV®

UNRIVALED INNOVATION THAT'S ALWAYS ON THE MOVE.

As the long-standing leader in golf car innovation, AC drivetrain efficiency and AutoBrake technology, the RXV continues to raise the bar on a premium golf experience. No other vehicle delivers reliable, efficient performance and an unmatched round like the RXV.

A Textron Company

A UNIQUE COMBINATION THAT'S COVERING NEW GROUND.

It's been almost a decade since the RXV first set a new standard for superior golf car performance. After years of customer research and proven innovation it's still on top, combining AC power with the patented AutoBrake system for efficient performance that the competition can't match.

Available in 48-Volt AC Electric
and 13.5-hp Gas Options

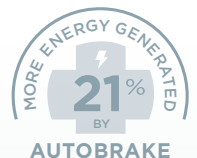

AC ELECTRIC POWER

As a superior alternative to traditional DC electric power that's common in most golf vehicles, the RXV boasts an advanced 48-volt AC electric drivetrain. This technology leverages an alternating current platform to deliver more power while using less energy. The result is a highly efficient golf car that maintains 97% of its speed while climbing steep course hills.

PATENTED AUTOBRAKE TECHNOLOGY

The RXV is the only vehicle that offers a unique AutoBrake system featuring two revolutionary technologies: a motor brake that slows the vehicle up or down steep grades, and an automatically applied parking brake. This combination provides full-time regenerative braking which captures energy and uses it to recharge the batteries.

RELIABILITY GETS A PREMIUM UPGRADE.

We've spent decades listening to our customers and designing vehicles that meet their needs—from their biggest demands down to the finest details. That starts with a vehicle that's built for reliability, with fewer wearable parts and one of the industry's best warranties.

Since its first introduction, we've made several upgrades to improve the reliability and premium experience that the RXV delivers, and it was all based on the feedback of those that matter most—our customers.

- ▶ Modern, sophisticated design
- ▶ Integrated, impact-resistant bumpers
- ▶ Automotive-quality, fade-resistant paint
- ▶ The industry's largest bag well
- ▶ Contoured, ergonomic seating
- ▶ Abundant in-dash storage
- ▶ Deep cup holders to fit any beverage
- ▶ Optional USB port

SEE WHAT GOLF'S BIGGEST NAMES SAY ABOUT E-Z-GO AND THE RXV.

"With the RXV, we're seeing about 20% savings over what we've seen in the past. That's really good savings."

RJ Harper, EVP of Golf and Retail
Pebble Beach

"We've seen noticeable benefits in E-Z-GO cars lasting longer and performing consistently."

Peter Hill, CEO
Billy Casper Golf

"E-Z-GO golf cars are without question the best in the business."

Arnold Palmer, Chairman
Arnold Palmer Group
